CBELL

AFTERNOON

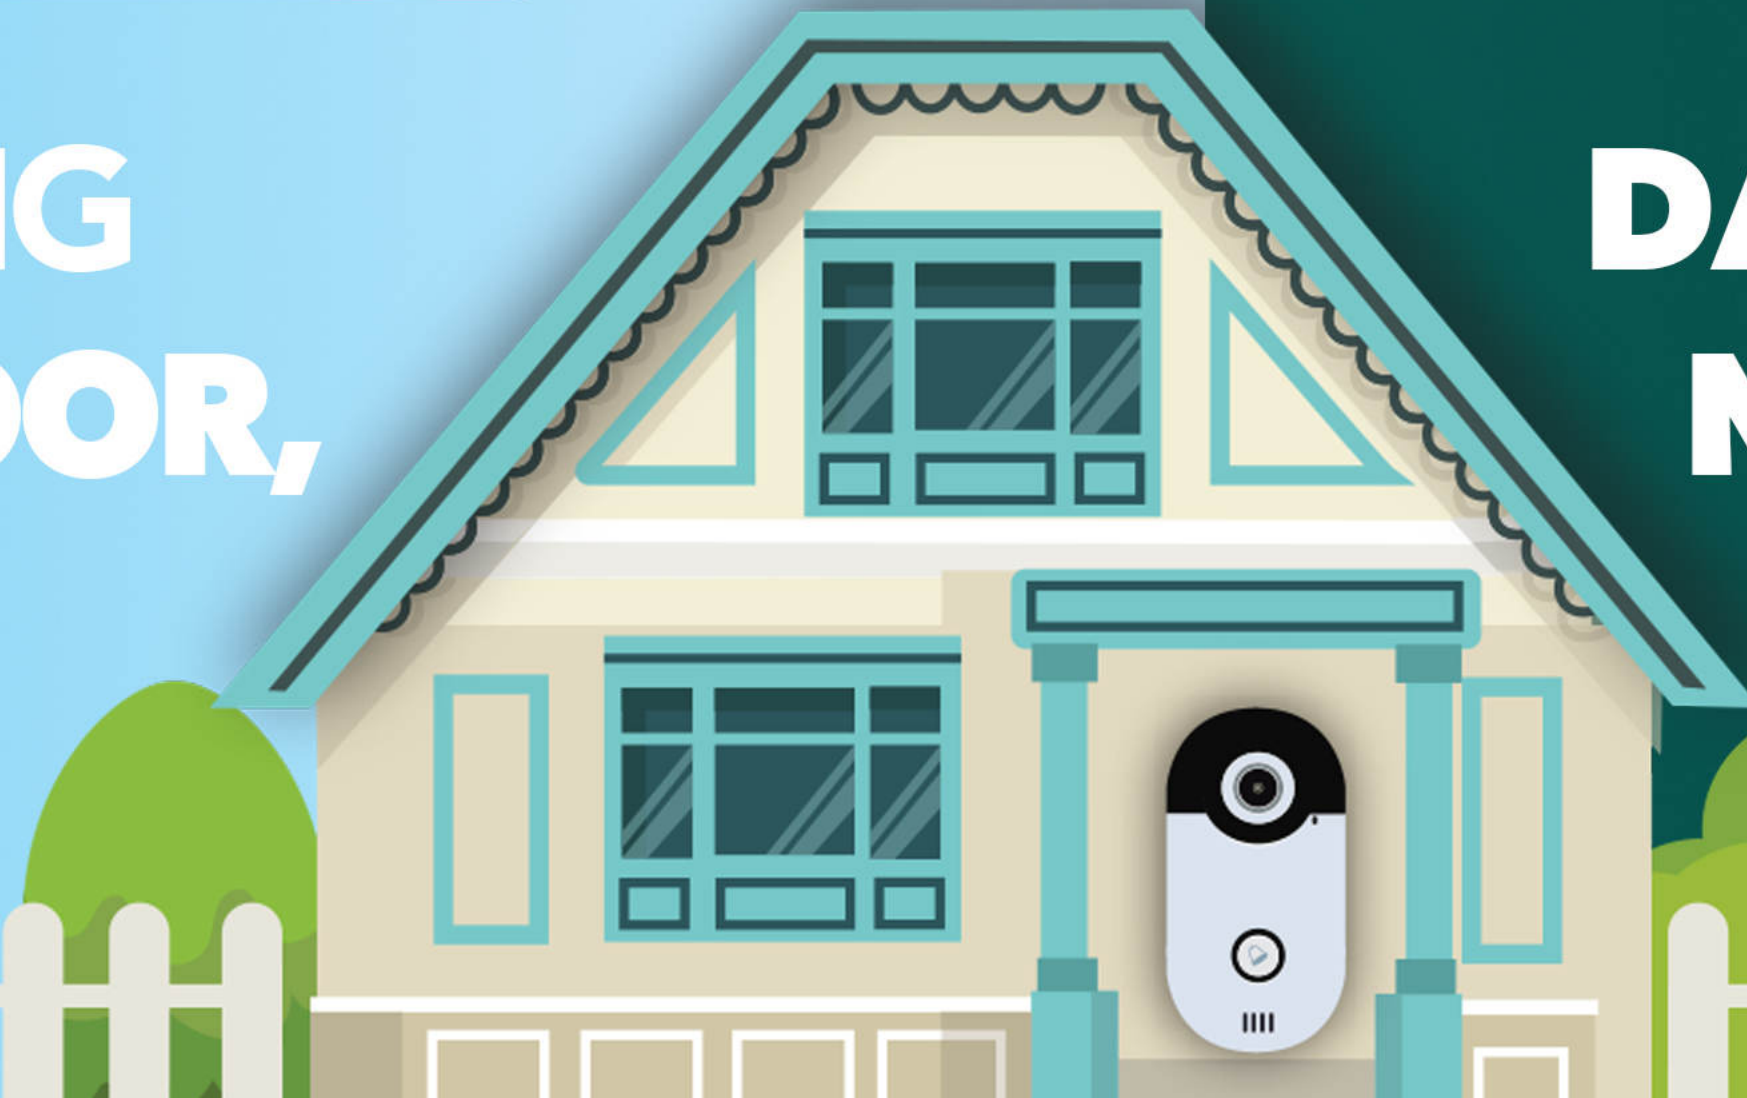

Your child reaches home but you're stuck in traffic? Use CBELL's remote unlock feature to open your front door for him while sitting in your car.

MORNING

Never miss another delivery. CBELL will connect you to the delivery boy so you can see, hear and speak with him from wherever you are.

WATCHING YOUR DOOR,

EVENING

No more surprise visits! With the CBELL camera and microphone, always know who is at your front door with just your smart phone.

DAY AND NIGHT!

NIGHT

Worried about burglars breaking into your home? CBELL's motion sensor and night vision detects anyone outside your front door and triggers a video alert to inform you.

PRODUCT FEATURES

Video doorbell that connects to your smart phone through the Wi-Fi

iOS and Android Apps available for multiple smart devices

Unlock your door remotely with the CBELL App

Easy to set up, retrofit product that you can install yourself!

Motion sensor surveillance can provide video alerts if someone is near your door

Affordable solution for the safety & security of your home
